

# AI & ROBOTICS IN ASSISTIVE TECHNOLOGY

## SWISS — JAPANESE PERSPECTIVES

Join us for a cross-cultural scientific and technological exchange between Japan and Switzerland on the future of assistive technology, empowering lives through AI and Robotics.

**Experts Talks** on research developments and implementation in Assistive Robotics and AI focusing on the co-evolution of humans and robots

**Panel Discussion** sharing Swiss and Japanese Advancements and Perspectives on Nursing Care, Chronic Condition Management, and Assistive Technology

**Live Demos** of Assistive Devices

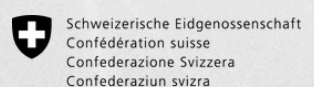

Language: English with Japanese simultaneous interpretation

**Monday, 28.07.2025**

**13:30-20:00 (Doors open 13:00)**

**SWISS PAVILION  
WORLD EXPO 2025 OSAKA**
